

Excerpt dolphin aid Press release -6th October 2008-

Duesseldorfer non-profit association is an „exclusiv place of ideas“

„Germany Oscar“ for dolphin aid – Duesseldorfer non-profit association invites to Award Ceremony

Duesseldorf, 06 th October 2008 –

The German non-profit foundation dolphin aid will be honored “in the land of ideas” with the “land of ideas award on behalf of German president Horst Koehler.”

Beside dolphin aid Founder Kirsten Kuhnert, who flies in from Miami, prominent Ambassadors of dolphin aid such as Barbara Becker, Bernd Herzsprung, Goetz Otto, Hans-Joachim Stuck, Birgit Lechtermann and Juliane Hielscher will be present.

To celebrate the Award Ceremony we would like to invite you to our Press conference on 10th October 2008 at 11 o'clock in the rooms of Deutsche Bank Duesseldorf, Königsallee 45-47.

Under the patronage of Federal President Horst Koehler the initiative „Germany - land of ideas“ prices out creative concepts with motivation and willingness to act.

The press conference is followed by the official part of the award ceremony by Nicolas von Loeper, Deutsche Bank. dolphin aid Founder Kirsten Kuhnert and Manager Kay Evers, together with the Ambassadors, will give account to their engagement for special needs children and their success and aims.

After the price Ceremony and the press conference we meet, at 12:30 o'clock, in the BusinessLounge of the Hotel Intercontinental, Koenigsallee 59.

Land of Ideas

Germany remains a land of ideas. Inventors, artists, philosophers, scientists and entrepreneurs have done this for centuries. As part of a nationwide competition, a total "365 places in the land of ideas" are honored for their ideas, under the patronage of Federal President Horst Koehler.

"Germany – land of ideas" is a unique initiative. Germany is a leader through innovation and the most attractive business location in Europe. That makes the Deutsche Bank supported initiative sustained strong.

dolphin aid e.V.

Since its foundation by Kirsten Kuhnert in 1995, dolphin aid with all its entities, also in Australia and the USA, supported and advised thousands of families with special needs children.

dolphin aid could help countless of handicapped children, who were sometimes given up by school medicine. With dolphin aid therapy they have the chance to make provable and significant progress in their rehabilitation development. Together with engaged and committed people, generous Sponsors and above all also by the support of many private donations, dolphin aid could smooth the way to dolphin therapy for these families.

Further goals of dolphin aid are advancing and supporting the research, the creation of therapy and research facilities, the acknowledgment by the health services and thus also the compensation of the costs through health insurance companies.
