130.000.00 FOR SEVERELY SICK CHILDREN

The fifth dolphin aid Gala was a success. According to the organizers, it exceeded their expectations.

130.000.00 Euro was raised through admission and auctions. This was approximately 10.000.00 Euro more than last year. One of the guests had a special interest in a signed and worn jacket from Ralf Moeller. The jacket alone was auctioned off for 9.500.00 Euro. The money will enable special-needs and severely sick children to have dolphin therapy either in Florida or Curacao.

More than 400 guests attended the event at the Intercontinental Hotel in Dusseldorf Saturday evening.
